I. We congratulate the country on the assured success of the Reconstruction policy of Congress, as evinced by the adoption, in the majority of the States lately in rebel-lion, of the Constitutions securing Equal Civil and Political Rights to all, and it is the duty of the Government to sustain those instrucd tions and to prevent the people of such States from being remitteto a State of anarchy.

II. The guaranty by Congress of Equal Suffrage to all loyal men at the South was demanded by every consideration of public safety, of gratitude and of justice, and must be maintained; while the question of suffrage in all the loyal States properly belongs to the people of those States.

III. We denounce all forms of repudiation as a National crime; and National honor requires the payment of the public indebtedness in the utmost good faith to all creditors, at home and abroad, not only according to the letter, but the spirit of the law under which it was contracted.

IV. It is due to the Labor of the Nation that taxation should be of ALL DESCRIPTIONS. He will keep for sale equalized and reduced as rapidly as German and American Periodicals, National faith will permit,

V. The National debt, contracted as it has been for the preserva- per tion of the Union for all time to come, should be extended over a fair period for redemption; and it is the duty of Congress to reduce the rate of interest thereon whenever it can be honestly done.

VI. That the best policy to diminish our burden of debt is to so improve our crédit that capitalists will seek to lend us money at lowor rates of interest than we now pay, and must continue to pay so long as repudiation partial or to tal, open or covert, is threatened.

Pullippesident partial or to tal, open or covert, is threatened. or suspected.

VII. That Government of the-United States should be administered with the strictest economy; and the corruptions which have been so shamefully nursed and fortered by ndrew Johnson call loudly for radical reform.

VIII. We protoundly deplore the untimely and tragic death of Abraham Lincoln, and regret the accession to the Presidency of Andrew Johnson, who has acted treacherously to the people who elected him and the cause he was pledged to support; who has usurped high legislative and judicial functions; who has used his high office to induce other officers to ignore and violate the laws; who has employed his executive powers to render insecure the property, peace, liberty and life of the citizens; who has abused the pardoning power; who has denounced the National Leghas persistently and corruptly resisted, by every means in his power,

by the vote of thirty-five Senators. IX. The doctrine of Great Britain and other European powers that because a man is once a subject he is always so, must be resisted at all hazards by the United States as a relie of feudal times not authorized by the laws of nations, and at war with our national honor and independence. Naturalized citizens are entitled to protection in all their rights of citizenship as though they were native-born; and no citizen of the United States, native or naturalized, must be liable to arrest and imprisonment by any foreign power for act done or words spoken in this country; and if so arrested and imprisoned, it is the duty of the Government to inter-

fere in his behalf. X. Of all who were faithful in the trials of the late war there were none entitled to more especial bonors than the brave soldiers and sea men, who endured the hardships of camp and cruise, and emperilled their lives in the service of their country. The bounties and pensions provided by the laws for these brave defenders of the nation are ALL KINDS OF MEN'S an obligation never to be forgotton; the widows and orphans of the gallant dead are the wards of the people-a sacred legacy bequeathed to the nation's protecting care.

FITTS excellent medicinal compound was first LADIES AND GENTLE-I prepared by Tr. J. W. POLAND, in 1847, and was then employed with great success in expelling humors from the blood; but in 1848 a medical friend who was quite celebrated as a physician, especially in the treatment of homors, suggested some timportant improvements, which were adopted, and which has made if (so the people say) the very best remedy for all kinds of humors known to "the faculty."
This preparation is composed entirely of vegeta-

bles, among which are Sarsaparilla, Yellow Dock, Noble Pine, Mandruke, and Hoodroot. When the originator lived in Now Hampahire, at collective Centre, for the space of thirty or farty cultics around, and to Manchester particularly, the Humor Doctor was seed known and highly valued for the numerous and wonderful cures which it effected. Though manufactured in large quantities, the supply was frequently exhausted, and purchasers had to wait for more to be made. In that we gion, some very severe cases of Erysipelas were treated with, - and they were cared! Erysipela sorve, or carbaneles, - those willy, painful ulcres, -were entirely removed wherever this medicine was faithfully used. So it was with Scrobbs and Salt-Rheum. The Humor Ductor cured them.

It is free from any dangerous drugs, is pleasant to
the taste, safe, yet sure and effective in its action.
